Datrend Systems appoints new distributor for Taiwan (Republic of China)

Datrend Systems, the technological leader in biomedical test solutions and instrumentation, is excited to announce the addition of Radiotek Corporation (宇宏企業股份有限公司) to its global distribution network.

Radiotek Corporation, founded in 1988 with its head office in Taipei, distributes and services test equipment across Taiwan. Since signing with Datrend, they have already issued several orders for their local market.

Ron Evans, President of Datrend Systems stated, "We are delighted to have a distributor of the caliber as Radiotek joining our distribution network. With our portfolio of biomedical test equipment along with Radiotek's sales & marketing experience, we are confident we will make in-roads into the Taiwanese markets and give users an alternative to the current offerings".

David Chan, General Manager of Radiotek stated, "It is our pleasure to distribute Datrend System's products, we look forward to cooperate with each other to achieve our potential and to be the market leader."
