## **Datrend Systems appoints new distributor for Benelux**

Datrend Systems, the technological leader in biomedical test solutions and instrumentation, is excited to announce the addition of GrafiMedics to its global distribution network.

Founded in 1995, GrafiMedics specializes in the delivery of high-quality medical products, services and solutions. With their commercial background and strong technical knowledge, GrafiMedics is well suited to distribute Datrend's range of products in The Netherlands, Belgium and Luxemburg.

Ron Evans, President of Datrend Systems stated, "We are delighted to have GrafiMedics join our growing distribution network. With our portfolio of products along with GrafiMedics experience, we are confident we will make further in-roads into the Benelux markets and give users an alternative to the current offerings".

Frans Koldenhof, director of Grafimedics Support b.v. stated, "We are delighted to join forces with Datrend Systems in the support department, we hope the future holds the opportunity to achieve our potential and be the market leader in leading-edge biomedical test equipment for hospitals."
